

An abstract painting of a desert landscape. The composition features layered, eroded rock formations in warm tones of ochre, terracotta, and sienna. A dark, winding path or stream cuts through the middle ground. The foreground shows more rugged, angular rock shapes. The overall style is expressive, with visible brushstrokes and a rich, textured surface.

An abstract painting featuring warm, earthy tones of yellow, orange, and brown. The composition is dominated by large, textured brushstrokes that create a sense of depth and movement. In the lower right corner, a small, dark, vertical figure stands on a dark, reddish-brown base. The overall effect is one of a vast, open landscape or a complex, layered structure.
